

III. Prerequisites

Course prerequisites are Economics 1000, or 2010 and 2020; and either Economics 1078 and 1088 or equivalent math courses. These prerequisites are strictly enforced. If you are listed as not meeting the course prerequisites, you must show me that you have indeed met them. I will indicate on the first day of class who is so listed.

IV. **Text:** Introductory Statistics, 8th ed. by Neil A. Weiss.

V. **Course Outline:** Parts I through IV of the text will be covered. Major sections are

I and II.	Introduction and Descriptive Statistics: weeks 1 - 3
III.	Probability and Random Variables: weeks 4 - 8
IV.	Inferential Statistics: weeks 9 - 15

VI. Miscellaneous

- **Hardware and Software:** Microsoft Excel will be used for much of the data analysis. There are many excellent Excel manuals available. Excel is supported in all of the campus computer labs, including the lab in the basement of the Economics building. In addition to using Excel, you will need a calculator for the exams.

- **Special Accommodations Policy:** If you have specific physical, psychiatric, or learning disabilities and require accommodation, please let me know early in the semester so that your learning needs may be appropriately met. You will need to provide documentation of your disability to the Disability Services Office in Willard 322 (phone 303-492-8671). Furthermore, if you require time off for special religious or cultural holidays, this should be arranged in advance with me.

: ar disadidc.000uy ly will not b tolerated.

Beaches of this policy will result in a course gr di of E and a reporturof the incident to ar disadiaffairs.
